We ship 90% of all items ordered from our site within 24-72 hours (Mon-Fri). Orders paid by Credit Card are shipped after your charge amount is authorized by your credit or debit card provider. Note that we do not immediately process your credit card live online. Your card is processed after review by a sales specialist. If paying by check or money order print & mail extra copy along with payment to address below. Please note that we cannot guarantee same day shipment of expedited shipping methods, but we will do everything possible to ship same day on items in stock when possible. Note that some of the items we sell may ship from different locations resulting in different delivery dates. All orders are reviewed by a sales associate prior to shipping to reduce errors. Tracking numbers are provided via Email on those product items shipping from our Florida warehouse. FAX ORDERS: Print this order and FAX with credit card payment details to (386) 963-2079.

Seedland ships to all 50 US states + US territories of Puerto Rico, Guam & Virgin Islands.

UPS GROUND: We do NOT offer UPS Ground shipments to locations outside the 48 US mainland states.

Shipments to Puerto Rico, Guam and Virgin Islands can only ship via USPS Priority Mail (No UPS).

Shipments to Alaska and Hawaii must ship either Priority Mail or UPS Next Day or UPS 2nd Day Air.

All Ground UPS rates quoted are valid **ONLY** for shipment to locations in the 48 mainland US states.

DELIVERY TIME: Most items ship within 24 to 72 hours (1-3 days) and generally take 2-10 days for delivery to be completed, depending on the item shipment location and your ship-to destination. (NOTE: No shipments delivered on weekends)

ORDER INFORMATION: We reserve the right to cancel any orders for products or seeds in which either the items are no longer available or discontinued. On items in which the pricing was listed incorrectly online due to an error in pricing correctly, we will contact you with the corrected price. For our retail customers we will offer you the wholesale price for that particular item, however pricing errors will NOT be honored at the incorrect "error" price. Any product that displays a zero price ("\$.00") is considered to be out of stock item. Usually the product will also be marked as SOLD OUT, however in some cases only a zero price may display. Customers will be notified the actual normal price on zero price items once the item becomes available. Out of stock (SOLD OUT) items will not be billed, backordered or shipped unless you specifically contact us requesting an order be shipped when available - You will be notified of the item price on any out of stock item that you request to be shipped later. You may call and request that an out of stock item be shipped as soon as it returns to stock availability. All sales are not completed or accepted until payment has been completed, at that point shipment of product orders will occur.

For added security, we do NOT immediately process credit card orders live online. Your order is first reviewed by a sales specialist for any changes, questions or corrections. After review, your order is then processed securely and items are scheduled for shipment. For additional company information and policies visit [Seedland.com](#) - Seedland can only assist with commercial quantities for shipments of seeds outside the USA, please read our export policy link above. Note that we do NOT ship or export fertilizers, spreaders or other manufactured merchandise outside the US states. For returns please review our return policy listed at the link above. Most items ship within 24 to 72 hours (1-3 days) and generally take 2-10 days for delivery depending on item shipment location and your location. We can not guarantee immediate same day shipment on expedited items but will try and ship these requests as quickly as possible. Live plants and grass plugs do NOT immediately ship after your order is processed. See our shipment policy on these items.

SHIPPING NOTE: We ship most online orders VIA UPS Ground (United Parcel Service) for economical & fast service. Items often ship from multiple locations (Florida, Georgia, Arizona, Colorado, Illinois and Oregon / Depending on item ordered) Most UPS orders ship and arrive in 1-7 working days (Mon-Fri). See additional information below for shipments to Hawaii, Puerto Rico, Guam and USVI. In some cases an additional handling charge may be included in the total cost of the shipping charges listed for your order.

IMPORTANT SHIPPING DETAILS: We can NOT guarantee SAME DAY shipment of Priority Mail, UPS Next Day, UPS Second Day or UPS 3 Day shipments. We will make every attempt to ship the same day your order is placed (If placed prior to 3 PM EST Mon-Fri), but we can NOT guarantee immediate same day shipment. Note that UPS does NOT deliver on Saturday with the methods of shipment we offer. Priority mail items usually ship 1-2 working days AFTER the day your order is placed. All shipments and processing of orders are based on working days (Monday - Friday). UPS & MAIL shipping charges include a packaging and handling fee in the total shipping cost. Seedland's UPS Ground shipping cost is same price for shipping to any of the USA 48 mainland states. Shipping is based on total weight of items shipped at same time in any one order.
